## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 2, 13 and 26 are allowed.
2. The following is an examiner's statement of reasons for allowance: A search of the prior art does not disclose or reasonably suggest a method for producing, on a substrate, an electronic component with closely adjacent electrodes, the method comprising: depositing a first metal layer onto the substrate; structuring a first photo lacquer on a surface of the first metal layer, wherein a portion of the surface of the first metal layer does not have the first photo lacquer thereon; etching the portion of the surface of the first metal layer not having the first photo lacquer; undercut etching the first metal layer so that an overhang is defined by the first photo lacquer; exposing, to a metal vapor, a surface of the first photo lacquer and an exposed portion of the substrate where the first metal layer was etched away so that a second metal layer is formed on the surface of the first photo lacquer and the exposed portion of the substrate where the first metal layer was etched away except in a space between the overhang and the substrate; and removing both the first photo lacquer and the second metal layer formed on the surface of the first photo lacquer; etching a hole into the substrate at a position other than a position of the first metal layer and the second metal layer; depositing a third metal layer onto the substrate, the first metal layer, and the second metal layer; applying an insulator onto the third metal layer; applying an organic semiconductor onto the third metal layer and the insulator; and applying a sealing layer onto the organic semiconductor. Claims 13 and 26 are allowed based on their dependency from allowed claim 2.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
